Subtitle

Coming just after January, the month of new beginnings, is February.

From the Latin word Februarius, meaning "to purify," February was known as the "Month of Purification" during ancient Roman times. It is a transitional time, finding itself just after a month of reflection and new year's resolutions.

Hattie Caraway (Feb 1, 1878-1950) the first woman elected to the U.S. Senate, was born in Bakersville, Tennessee. Her husband became the U.S. Senator from Arkansas. Following his death in 1931, she filled the remainder of his term, then was elected herself, serving a total of 14 years.

Spotlight on the Board

Hi, I'm Anne, the newsletter editor. I plan to tell you a little bit about each of the board members over the coming months. You met Nicole our president last month and now it's my turn. I have lived in Agua Dulce for only five and half years. My husband and I moved here after living 32 years in Saugus. We love the space and we especially love our neighbors. I am a sociology professor at College of the Canyons and moved to the Canyon Country campus after passing on my role as Chair to another faculty member in my department. I am so happy to concentrate on teaching and connecting with my students rather than dealing with the minutia of running the department. At home, I have a greenhouse and garden. My husband and I have 2 children, 1 son-in-law, 3 amazing granddaughters, and 2 dogs. I enjoying quilting, painting, and camping in my precious spare time. My birthday was in January on the 8th and I share that with Elvis, Steven Hawking, and David Bowie.
